

REMARKS/ARGUMENTS

Specification

Page 1 of the specification has been amended to merely correct a typographical error of one of the granted US patent number. The Applicant submits that this amendment introduces no new matter.

Double Patenting

In order to overcome the Examiner's double patenting objection, the Applicant now encloses a Terminal Disclaimer in respect of US Patent Numbers 7,085,010 and 7,092,126.

It is respectfully submitted that all of the Examiner's objections have been successfully traversed. Accordingly, it is submitted that the application is now in condition for allowance. Reconsideration and allowance of the application is courteously solicited.

Very respectfully,

Applicant:

Simon Robert Walmsley
